Attorney Genral Carr branded unconstitutional a section of the tax law providing for cigarette tax payments to the State Treasurer.

TAKE A NUMBER

(we'll find the city)

Give your Long Distance calls a flying start . . . use Area Codes!

When you place a Long Distance call with the operator, give her the Area Code of the city you want, then give her the number you're calling. You'll save yourself precious waiting time on the line. You'll get your call through faster, easier.

Area Codes for most cities are listed in the front section (white pages) of your telephone directory. Or you can get them from the Long Distance operator-any time-and jot them down for future reference.

New Snows! You can see by the car tracks that people are going places despite the heavy snows. Others, like you and me, perhaps, are going places because of it-because

the new-fallen snow is beautiful and we want to enjoy it and look at the pictures it makes on the landscape. Also, that frosty, crackly wind that comes with the first snows blows roses in our cheeks and new energy and expectations into our hearts. We can't wait to get out and do things and be with people.

A New Year is upon us. What wonderful things this year can bring. Does the New Year lying before you, with its promise, fill you with new life and excited expectations like the new snow mentioned above?

May your New Year be a happy and prosperous one, and may you find great peace every day through worship and spiritual blessings each week through attending church.

More on the way every day! Thanks for waiting!

The Church is God's appointed agency in this

world for spreading the knowledge of His love

for man and of His demand for man to respond

to that love by loving his neighbor. Without

this grounding in the love of God, no govern-

ment or society or way of life will long

persevere and the freedoms which we hold so

dear will inevitably perish. Therefore, even

from a selfish point of view, one should support

the Church for the sake of the welfare of him-
